### Hello Folks,

Here we are at the end of February 2023, really only two months into the new organization. So far, we are all settling in and figuring out all the details on what we are wanting to achieve. We obviously could look far in the future and hope for growth, and for an active organization that inspires others to join. But before we look far in the future, we need to make sure that we assemble the building blocks and take care of those commitments that are right in front of us. As I have stated many times before, the most important thing are the riders in our chapters. As the temperature start to warm up, all riders are looking forward to hitting the road and seeing what's out there. New members will be looking to ride and will be less affected with the social events planned. So keep the wheels rolling!

One of the items on the agenda this spring is the "Texas Yellow Rose Rally" which is in the same location as we had it last year. Your Chapters and District have been planning this event since last year, but have only really dug into the details since January 1st. This rally will be an example of what we want to offer to any and all motorcyclists in the state of Texas. The fun that is being planned will be the foundation on what we hope to accomplish throughout the rest of the year and beyond. The rally is open to everyone! It does not matter what you ride, or who you associate with. We are making it a point to not restrict this to EWMA membership only. So invite friends and family. 2 Wheelers, 3 Wheelers, or more, all are welcome. We plan on having vendors, games, seminars and of course plenty of riding. We will be looking for folks to lead rides, as well as tail Gunners. Routes have been planned and are being printed out and GPS directions assembled. Oddly, the ultimate goal is to have just about everybody out on the road for the

majority of the time and simply return to the Y.O. Ranch to share the stories of the road.

Now a little bit of business. Donna and I completed all of the 990-N forms for 2022, for all chapters that were in existence during the year and even a few that closed in 2021. The goal was to secure the EIN numbers for 2023 including keeping some open for potential new chapters. We have very little detail on what the IRS will be doing beyond 2023 and whether the final closing of GWRRA's 990-N will instigate a variety of questions that will need answering. We will share as soon as we know.

The spring is one of my favorite times of year. There are back-to-back rallies that have been planned for most of the districts around us. The Flyers are in the newsletter for Louisiana, Texas, Arkansas and perhaps a few others. Also included is the flyer for the Bluebonnet Rally in April at the Ladybird Johnson Park in Fredericksburg, Texas. Donna and I have always enjoyed this rally which has a more personal feeling as it is chapter lead. Please do us a favor and try to make effort to attend at very least, the Bluebonnet and the Texas District Rallies. Our plans are to attend as many rallies as possible throughout 2023 or what the credit cards will allow!

We thank you all for your continued support of your local chapters, your districts and all those who devote hours and hours of volunteer time. We do this to give everyone an opportunity to have fun and to keep motorcycle touring alive. So be safe and keep rolling!

## Lyle and Sherri Altes

Another year and a lot of new changes happening, but with all of that one thing should not change but get better is communications. This is the lifeblood of any organization, without good communications bad things happen misunderstandings etc. and organizations and groups fail. So it is highly important that we all do our utmost best at communicating. And this starts at both ends of the organization.

Let's start at the bottom our members, they must have ways to those of us in leadership to let us know their desires, frustrations, and what they would like to see done with in the Chapter or organization. Chapter leadership to have channels to members open and listen to what they are saying, and let them know you are listening and are open to their suggestions. Chapter leadership must have the support and help of the District staff to give help, suggestions, and general guidance. And this goes on up to Region, and National levels.

There are a great many ways to accomplish this starting at the Chapter level, phone numbers, and emails, at social gathering encourage input and discussion. Most of you aren't doing newsletter now, but a bi-weekly or monthly email blast to keep members informed and part of what is happening within the chapter. Be sure to forward important information sent from District or National. Use Calendars', and other notification engines to inform and remind members of rides and events local and throughout the District. If you do not have access or know how to use these tools contact you're District Director or any district staff member, and they will help you get what you need.

At the district level we are there to lead in communications and help the chapter with whatever tools they need. The District will be providing Website with information, forms and tools for all its members, including District wide Calendar of events, and a place for your Chapter to post information for your members. We are also doing a monthly newsletter and you are welcome to send articles or fliers about your chapter and events. The District still maintains GroupWorks and have a page for each chapter. We are active on Facebook and try and post as much as we can there also.

Dan & Donna, Sheri & I, and our entire staff plan on making visits to your Chapter social gatherings, where can pass on any information we have about other Chapters and their events or anything else happening in the District , Region, or Nationally including any information we have on other organizations. I will be reaching out to all Chapters in the State of Texas not matter what organization or not you belong to just like I did the last half of last year. So that anyone that wants to visit your Chapter they know when and where to find you. It is also a tool that if someone contacts us for a Chapter in their area we can point them to you, there again it does not matter what organization you belong to or not we want any rider that is interested in checking out any of the great Chapters in our state find a home

There are a lot of Rallies and events happening in the next few months we hope to see you there.

**Greetings from Canada!  
By Chantal and Francois Seguin, VP Of Operations**

2022 -2023 a start to an amazing adventure.

We are happy to be able to join this wonderful team as VP of Operations Canada.

We all make decisions every day; some good, some misguided. But joining with EWMA is a very good one.

We have already had allot of fun and cannot wait to have more.

We believe that all leaders must have a deep passion for riding, and a very positive attitude. This will help build EWMA into what we are all looking for as an organization.

We all have a vision on where we should go and what we should see and do. We encourage you to share those vision with us,

your chapter directors, your district director and your region director so we all have more and more fun as we grow.

Take the time to volunteer and help your chapter, the more we work together the more we have fun!

**What's in it for you?**

Riding a motorcycle or being a co-rider, it's the freedom, the adventure , the beauty of what we see and feel.

**Why EWMA**—it's the friendship we make (internationally) the joy of having like minded friends and being able to share our adventure with them.

That is what's in in for all of us.

Now, it's that time of the year that most of us, a little more

north, are in our winter weather and are sitting around looking at our motorcycles dreaming about things we have done, places we went to, and the places yet to visit. Please take the time to share your ideas for the new riding season.

And for those of you who are lucky to still have nice riding weather, be safe and ride a few miles for us!

Take a journey, soar like an eagle, there are so many roads to explore, so little time."
